List of Tables	vii
List of Figures	xi
Chapter 1 Introduction.....	1-1
Background.....	1-1
Joint Compliance Approach.....	1-3
Overview of PG&E Facilities in San Joaquin Valley Area.....	1-4
Natural Gas System.....	1-4
Electrical System	1-5
Proposed Action and Activities Analyzed in this EIS/EIR	1-5
Overview	1-5
Purpose and Need, Goals and Objectives.....	1-7
Lead, Cooperating, and Responsible Agencies.....	1-8
Required Permits and Approvals	1-8
Public and Agency Involvement.....	1-10
Scoping Comment Period.....	1-10
Public and Agency Review of EIS/EIR	1-11
Preparation of Final EIS/EIR.....	1-12
Issues Identified in Scoping Comments.....	1-12
Contents of this EIS/EIR.....	1-12
EIS/EIR Organization.....	1-12
Geographic Area Analyzed in this EIS/EIR.....	1-13
Thresholds of Significance and Level of Effect.....	1-14
Chapter 2 Proposed Action and Alternatives.....	2-1
Location—Proposed Action and Alternatives	2-1
Overview of Proposed Action	2-1
Description of Proposed Action	2-1
Activities Analyzed Under Proposed Action.....	2-2
Alternatives to the Proposed Action.....	2-50
NEPA and CEQA Requirements	2-50
Approach to Developing Alternatives.....	2-51
Alternatives Analyzed in this EIS/EIR	2-52
Alternatives Eliminated from Further Consideration	2-62
Chapter 3 Land Use and Planning.....	3-1
Affected Environment	3-1

	Regulatory Framework	3-1
	Existing Conditions	3-5
	Environmental Consequences and Mitigation Strategies	3-5
	Methodology for Impact Analysis	3-5
	Significance Criteria	3-6
	Impacts and Mitigation Measures	3-6
	References Cited in this Chapter	3-12
Chapter 4	Agricultural Resources	4-1
	Affected Environment	4-1
	Regulatory Framework	4-1
	Existing Conditions	4-5
	Environmental Consequences and Mitigation Strategies	4-7
	Methodology for Impact Analysis	4-7
	Significance Criteria	4-8
	Impacts and Mitigation Measures	4-8
	References Cited in this Chapter	4-15
Chapter 5	Biological Resources	5-1
	Affected Environment	5-2
	Regulatory Framework	5-2
	Existing Conditions	5-5
	Environmental Consequences and Mitigation Strategies	5-13
	Methodology for Impact Analysis	5-13
	Significance Criteria	5-14
	Impacts and Mitigation Measures	5-15
	References Cited in this Chapter	5-29
Chapter 6	Aesthetics.....	6-1
	Affected Environment	6-1
	Regulatory Framework	6-1
	Existing Conditions	6-3
	Environmental Consequences and Mitigation Strategies	6-4
	Methodology for Impact Analysis	6-4
	Significance Criteria	6-6
	Impacts and Mitigation Measures	6-6
	References Cited in this Chapter	6-12
Chapter 7	Geology and Soils	7-1
	Affected Environment	7-1
	Regulatory Framework	7-1
	Existing Conditions	7-5
	Environmental Consequences and Mitigation Strategies	7-10
	Methodology for Impact Analysis	7-10
	Significance Criteria	7-10
	Impacts and Mitigation Measures	7-11
	References Cited in this Chapter	7-16

Chapter 8	Water Resources	8-1
	Affected Environment	8-1
	Regulatory Framework	8-1
	Existing Conditions	8-8
	Environmental Consequences and Mitigation Strategies	8-14
	Methodology for Impact Analysis	8-14
	Significance Criteria	8-14
	Impacts and Mitigation Measures	8-15
	References Cited in this Chapter	8-27
Chapter 9	Cultural Resources	9-1
	Affected Environment	9-1
	Regulatory Framework	9-1
	Cultural Setting	9-4
	Environmental Consequences and Mitigation Strategies	9-12
	Methodology for Impact Analysis	9-12
	Significance Criteria	9-13
	Impacts and Mitigation Measures	9-13
	References Cited in this Chapter	9-18
Chapter 10	Paleontological Resources	10-1
	Affected Environment	10-1
	Regulatory Framework	10-1
	Existing Conditions	10-6
	Environmental Consequences and Mitigation Strategies	10-8
	Methodology for Impact Analysis	10-8
	Significance Criteria	10-8
	Impacts and Mitigation Measures	10-9
	References Cited in this Chapter	10-12
Chapter 11	Transportation and Circulation	11-1
	Affected Environment	11-1
	Regulatory Context	11-1
	Existing Conditions	11-3
	Environmental Consequences and Mitigation Strategies	11-3
	Methodology for Impact Analysis	11-3
	Significance Criteria	11-4
	Impacts and Mitigation Measures	11-4
	References Cited in this Chapter	11-10
Chapter 12	Noise and Vibration	12-1
	Background	12-1
	Sound, Acoustics, and Noise	12-1
	Groundborne Vibration	12-3
	Affected Environment	12-4
	Regulatory Framework	12-4
	Existing Conditions	12-6
	Environmental Consequences and Mitigation Strategies	12-7
	Methodology for Impact Analysis	12-7

	Significance Criteria.....	12-8
	Impacts and Mitigation Measures—All Alternatives.....	12-8
	References Cited in this Chapter.....	12-12
Chapter 13	Air Quality.....	13-1
	Affected Environment	13-1
	Regulatory Framework	13-1
	Existing Conditions	13-6
	Environmental Consequences and Mitigation Strategies	13-11
	Methodology for Impact Analysis.....	13-11
	Significance Criteria.....	13-11
	Impacts and Mitigation Measures—All Alternatives.....	13-13
	References Cited in this Chapter.....	13-16
Chapter 14	Public Health and Environmental Hazards.....	14-1
	Affected Environment	14-1
	Regulatory Framework	14-1
	Existing Conditions	14-5
	Environmental Consequences and Mitigation Strategies	14-6
	Methodology for Impact Analysis.....	14-6
	Significance Criteria.....	14-6
	Impacts and Mitigation Measures	14-7
	References Cited in this Chapter.....	14-11
Chapter 15	Recreation	15-1
	Affected Environment	15-1
	Regulatory Framework	15-1
	Existing Conditions	15-4
	Environmental Consequences and Mitigation Strategies	15-5
	Methodology for Impact Analysis.....	15-5
	Significance Criteria.....	15-5
	Impacts and Mitigation Measures	15-5
	References Cited in this Chapter.....	15-12
Chapter 16	Socioeconomics	16-1
Chapter 17	Environmental Justice	17-1
	Affected Environment	17-1
	Regulatory Framework	17-1
	Existing Conditions	17-2
	Environmental Consequences.....	17-4
	Methodology for Analysis.....	17-4
	Environmental Justice Outcomes	17-4
	References Cited in this Chapter.....	17-6
Chapter 18	Cumulative Effects	18-1
	NEPA and CEQA Requirements	18-1
	Approach and Scope	18-2
	Proposed Action’s Contribution to Cumulative Effects	18-6
	Effects in Context of Multiple Undertakings	18-6

	Potential Cumulative Effects Due to Repeated Activities.....	18-19
	References Cited in this Chapter.....	18-21
Chapter 19	Growth Inducement and Related Effects.....	19-1
	Planning for Growth—the General Plan Process	19-1
	Growth-Related Effects of the Proposed Action	19-2
	Direct Effects	19-2
	Indirect Effects	19-3
Chapter 20	Environmental Sustainability	20-1
	Short-Term Uses vs. Long-Term Productivity.....	20-1
	Use of Natural Resources.....	20-2
	Significant, Irreversible Environmental Changes	20-3
Chapter 21	Comparison of Alternatives.....	21-1
	Comparison of Alternatives.....	21-1
	Identification of Environmentally Preferable/Environmentally Superior Alternative	21-2
	Methodology	21-2
	Outcome	21-2
	Comparison of Environmentally Superior Alternative and Proposed Action	21-6
Chapter 22	List of Preparers	22-1
	U.S. Fish and Wildlife Service	22-1
	California Department of Fish and Game	22-1
	Jones & Stokes.....	22-1
	Management Team.....	22-1
	Technical Section Authors	22-1
	Other Required Analyses.....	22-2
	Production Team	22-2
Chapter 23	EIS/EIR Distribution and Noticing.....	23-1
	Federal Agencies.....	23-1
	State Agencies.....	23-2
	Organizations.....	23-4
	Local Jurisdictions	23-5
	San Joaquin County	23-5
	Stanislaus County	23-8
	Merced County	23-11
	Fresno County	23-13
	Kings County	23-18
	Kern County.....	23-20
	Mariposa County.....	23-24
	Madera County	23-25
	Tulare County	23-27
	Native American Tribes	23-30
	Other Interested Parties.....	23-31

Appendix A Notice of Intent, Notice of Preparation, Comments
Appendix B Pacific Gas & Electric Company San Joaquin Valley
Operations and Maintenance Habitat Conservation
Plan
Appendix C Acronyms and Abbreviations (11 x 17 foldout)

List of Tables

	Page
1-1 Correspondence Between Key National Environmental Policy Act and California Environmental Quality Act Terms	1-3
1-2 Organization of this Draft Environmental Impact Statement/Environmental Impact Report.....	1-12
2-1 Overview of Crossing Constraints and Approaches	2-23
2-2 SJVUAPCD Regulation VIII Control Measures for Construction Emissions of PM10.....	2-35
2-3 General Best Management Practices for PG&E Vegetation Management Activities	follows 2-40
2-4 General Best Management Practices for PG&E Vegetation Management Activities.....	follows 2-40
2-5 Best Management Practices for Herbicide Use	follows 2-40
2-6 Species Covered by San Joaquin Valley O&M Habitat Conservation Plan—Proposed Action	follows 2-40
2-7 Level of Effect and Conservation Approach—Proposed Action	follows 2-42
2-8 Responsibilities for Implementing HCP Measures.....	follows 2-42
2-9 Avoidance and Minimization Measures in San Joaquin Valley Habitat Conservation Plan—Proposed Action	follows 2-42
2-10 AMMs for Small-Disturbance Activities, by Species	follows 2-42
2-11 O&M Activities Requiring Preactivity Surveys	2-43
2-12 Survey Strategy for Wildlife Species Covered by Proposed Habitat Conservation Plan.....	follows 2-44
2-13 Timing of Surveys for Covered Plant Species	follows 2-44

2-14	Comparison of Key Features, Proposed Action and Alternatives	follows 2-52
2-15	Level of Effect and Conservation Approach—Alternative 1	2-53
2-16	Level of Effect and Conservation Approach—Alternative 2	2-55
2-17	Species Covered by San Joaquin Valley O&M Habitat Conservation Plan—Alternative 3	2-60
3-1	Land Use in Action Area by County (Percentage of Total County Acreage).....	follows 3-6
4-1	Land Use in Action Area by County (Percentage of Total County Acreage).....	follows 4-6
4-2	Important Farmland Acreage in Action Area Counties, 2000.....	4-6
4-3	Net Change in Irrigated Land 1998–2000.....	4-7
5-1	Overview of Special-Status Plants Covered by Proposed Habitat Conservation Plan.....	follows 5-12
5-2	Overview of Action Area’s Special-Status Plants Not Covered by Proposed Habitat Conservation Plan	follows 5-12
5-3	Overview of Special-Status Wildlife Species Covered by Proposed Habitat Conservation Plan.....	follows 5-12
5-4	Overview of Action Area’s Special-Status Wildlife Not Covered by Proposed Habitat Conservation Plan.	follows 5-12
5-5	Estimated Habitat Disturbance by Habitat Type and County....	follows 5-16
5-6	Estimated Disturbance of Vernal Pool Habitat by System and County	follows 5-16
5-7	Summary of Habitat Acreage Impacted and Potential HCP Benefits—Noncovered Special-Status Plants.....	follows 5-22
6-1	State Scenic Highways in and Near the Action Area.....	6-3
7-1	Soil Characteristics by Major Land Resource Area in Action Area	7-7
7-2	Maximum Credible Earthquake and Recurrence Interval for Principal Active Faults	7-8

8-1	Summary of Designated Beneficial Uses for Principal Water Bodies in the Sacramento River and San Joaquin River Basins.....	follows 8-10
8-2	Water Quality in Action Area's Principal Surface Water Bodies.....	8-11
10-1	Society of Vertebrate Paleontology's Recommended Treatment for Paleontological Resources, by Sensitivity Category	10-5
11-1	Volume to Capacity Ratio and Traffic Flow Conditions for Level of Service Designations	11-2
12-1	Typical A-Weighted Sound Levels.....	12-2
12-2	Human Response to Ground Vibration.....	12-4
12-3	State Land Use Compatibility Standards for Community Noise Environment	follows 12-4
12-4	Transportation Research Board Building Maximum Structure Vibration Criteria	12-6
12-5	Population Density and Ambient Noise Levels	12-6
12-6	Typical Noise Generation for Commonly Used Construction Equipment	12-9
13-1	Ambient Air Quality Standards Applicable in California	follows 13-2
13-2	Ambient Air Quality Monitoring Data in the San Joaquin Air Basin.....	13-7
13-3	Ambient Air Quality Monitoring Data within Mariposa County	13-8
13-4	2004 Attainment Status for State and Federal Standards for the PG&E San Joaquin Valley Action Area	13-10
13-5	<i>De Minimis</i> Emission Rate Thresholds for Criteria Pollutants in Nonattainment Areas	13-12
14-1	Known Hazardous Materials Sites in Action Area Counties	follows 14-6
15-1	Recreational Facilities in the Action Area	follows 15-4
17-1a	2000 Census Data on Race in Action Area	17-2
17-1b	2000 Census Data on Race in Action Area (Percentage)	17-3

17-2	2000 Census Data on Income and Poverty Status in Study Area	17-3
18-1	Summary of Cumulative Effects Analyses Needed for the Proposed Action	18-3
18-2	Water Quality in Action Area's Principal Surface Water Bodies.....	18-11
18-3	Summary of 2004 Attainment Status for Action Area	18-17
21-1	Comparison of Anticipated Environmental Effects— Alternatives 1 through 4.....	follows 21-2
21-2	Environmentally Preferable Alternative by Impact and Resource	follows 21-2

List of Figures

	Follows Page
1-1 Extent of Action Area, Showing County Boundaries and Land Cover Types	1-14
2-1 Wire Zone/Border Concept for ROW Vegetation Management.....	on 2-13
3-1 Other Conservation Plans in the Action Area	3-6
7-1 Action Area Faults Recognized as Active by the State of California.....	7-8
8-1 Sacramento River Basin and San Joaquin River Basin.....	8-10
11-1 U.S., State, and Interstate Highways in the Action Area	11-4
18-1 Extent of Action Area—Area of Cumulative Effects Analysis	18-2
